

FIDDLE RAILS

Lining shelves and tables, Fiddle Rails are expertly designed to keep everything in place. Mostly used on yachts, these sleek and dynamic designs are perfectly crafted to secure objects. Our Fiddle Rails come in a range of signature finishes and have many complementary products, allowing you to fully suite your hardware throughout any project.

From our saddle stitched leather, to solid brass, we host an extensive range suitable for all types of interior. Our Fiddle Rails are part of our bespoke service where we offer custom lengths, shapes and finish options.

LEATHER

BARREL

*Shown here in a custom leather and metal finish.

This is one of our most popular designs and from our Leather Barrel collection. Contemporary yet simple it is hand stitched or bonded in the finest Italian leather. We can produce these in any length and any projection required for your projects. You can also find other complimentary products and hardware to match via the collections page on our website. Available as either stitch in or stitch out with a choice of **54 standard finish combinations**.

LEATHER GRIP FINISHES

METAL FINISHES

SQUARE

*Shown here in a custom leather finish with Satin Nickel.

These heavy duty, solid brass legs sit either side of hand stitched square leather grips. They can be custom made to suit your specifications. With up to **54 standard finish combinations** available there will certainly be a combination to suit any interior project.

SADDLE

*Shown here in Tan leather with Polished Nickel finish.

Here our solid brass D handles are wrapped using leather with end stitched detailing. Available in all of our signature leather and metal finishes. With up to **54 standard finish combinations** available there will certainly be a combination to suit any interior.

SOLID

BARREL

*Shown here in Bright Chrome with a custom projection.

From our Solid Barrel collection, this contemporary design is both strong and durable. Because of this, all our solid brass handles can also be used in a variety of areas, such as bath and shower rooms, crew quarters and many other areas to create a harmonious story of hardware throughout any project. Visit our website for the fully suited complimentary hardware.

Available in **all of our** standard solid brass finishes.

METAL FINISHES

HAMMERED

BARREL

*Shown here in Polished Nickel with a custom projection.

Our hand hammered barrel fiddle rail will add an additional texture to these robust rails. We offer a range of hammered hardware to complete the look of any interior. Our hammered products are produced by hand and expertly hammered by our skilled team of craftsmen and women.

Available in **all of our** standard hammered finishes.

HAMMERED FINISHES

CUSTOM

We offer modification and customisation options, by using our existing stock components. By working together, we can create products that can fit your brief and work for all interior projects. This is a cost effective way to enable you, the client, to have a unique, bespoke design by modifying material, grips or finish and thereby benefiting from both price and delivery times.

With a range of sizes, projection and materials the choice is yours. We can help to create specific aspects of a product other manufacturers simply cannot.

If you can't find something to suit your project in either our catalogue range or via the Modify process we will be happy to discuss developing and manufacturing your vision from start to finish. Using our Tailored service, we can help to develop a product with you to meet all your specification needs such as size, scale, finish and mounting.

Below are some examples of custom projects we have created.

EXAMPLE

This Barrel design with solid square legs and custom Shagreen grip finish, is a great example of a custom built solution.

*Shown here with a custom Shagreen grip and Polished Nickel with custom removable legs.
