

LATCHING HANDLES

**Luxury push button cabinet knobs, cabinet pulls and button knobs.
Our latching handles are spring loaded, securing the door without locking it.**

Used regularly in the marine industry but becoming increasingly popular in the residential sector, due to their space saving and ease of use, these are the perfect way to secure doors and cabinets with style and elegance. Handmade by a skilled team in our Devon factory and finished to the highest quality, a wide range of latching handles are available with matching hardware to complete any fitting look.

All our latching handles come in range of finish and design options. Custom options are also available. For more information contact our sales team.
