**THE CARTRIDGE**  
AMALFINE™ CABINET KNOB

# THE CARTRIDGE

Designed by Christina Roberts, the Cartridge was inspired by a modern-day shotgun cartridge. What really caught Christina's eye when studying her inspiration was the outer brass casing, complete with a 1mm leading edge. Fascinated by the precision and incremental detail which allows the gun to locate and eject, and the hunter to pull cartridges out from their cartridge belts with ease. Christina decided this would work perfectly for a small cabinet knob, but a cabinet knob with a difference.

The design lends itself perfectly to using Turnstyle's trademark Amalfine™ sitting below a more dominant solid brass top, with a beautiful, subtly machined cap. Introducing a gentle taper helped to further accentuate the line and shape. Experimenting with different proportions, Christina and the design team concluded the perfect balance of Amalfine™ and Brass, producing a harmonious relationship between the two materials.

Available in over 45 different finish combinations as well as two different sizes.

## VISIT OUR LONDON SHOWROOM

Unit 115, Design Centre East, Chelsea Harbour, SW10 0XF

Delivering luxury door hardware for high-end residential, commercial and yacht projects for 30 years, Turnstyle Designs was founded by Steve Roberts in 1992. Steve and his wife Christina work collaboratively to design some of the world's most innovative decorative hardware, using a broad palette of materials and finishes including, brass, leather and Amalfine™.

From hand stitched leather to individually hammered door hardware, attention to detail is found in every product made. Turnstyle is proudly British made and manufactured in the beautiful Devon countryside. With multiple product combinations and flexibility to allow customisation, there is something for everyone.
