THE FLUTE

AMALFINE™ CABINET KNOB

THE FLUTE

Derived from one of our more classic door lever handle designs, the Flute, Turnstyle has now introduced two sizes of cabinet knob to join the family. The Flute lever has a beautifully tapered end with a subtle but decorative brass ring to co-ordinate with the body and rose. The natural taper of the end of the levers grip along with the ring was an easy development to work as a cabinet knob.

The overall knobs sizes have been reduced allowing the brass ring to take a stronger aesthetic and functionality also creating the perfect grip. Christina loved the way the polished, smooth Amalfine™ material takes centre stage here, with a touch of brass to catch the eye.

Available in over 45 different finish combinations as well as two different sizes.

Designed by Christina Roberts

Delivering luxury door hardware for high-end residential, commercial and yacht projects for 30 years, Turnstyle Designs was founded by Steve Roberts in 1992. Steve and his wife Christina work collaboratively to design some of the worlds most innovative decorative hardware, using a broad palette of materials and finishes including, brass, leather and Amalfine™.

From hand stitched leather to individually hammered door hardware, attention to detail is found in every product made. Turnstyle is proudly British made and manufactured in the beautiful Devon countryside. With multiple product combinations and flexibility to allow customisation, there is something for everyone.
