PIPE RANGE

NEW AMAFLINE™ HANDLES

PIPE RANGE

Initially created for our Bonneville and Norton designs back in 2019, the Pipe shape was created to compliment the oversized and bold door lever designs inspired by the Great British Motorbikes of the 1950's.

This style has now been extended using some of Turnstyle's most popular Amalfine™ grip designs, Faceted and Wire as well as a solid, hammered and part hammered range. Lending themselves nicely to an industrial-luxury style, these designs come in both levers and door pull handles both still using the decorative caps and collars from the original Bonneville style, available in leather Stitch In and Stitch Out, Solid and Hammered designs.

The new Amalfine™ designs are available in over 36 different Amalfine™ finish combinations, these new designs sit perfectly alongside all of Turnstyle's existing Faceted and Wire products to fully complete your look.

Delivering luxury door hardware for high-end residential, commercial and yacht projects for 30 years, Turnstyle Designs was founded by Steve Roberts in 1992. Steve and his wife Christina work collaboratively to design some of the world's most innovative decorative hardware, using a broad palette of materials and finishes including, brass, leather and Amalfine™.

From hand stitched leather to individually hammered door hardware, attention to detail is found in every product made. Turnstyle is proudly British made and manufactured in the beautiful Devon countryside. With multiple product combinations and flexibility to allow customisation, there is something for everyone.
