FLAWLESS FACETED
DOOR HARDWARE

FACETED

The design team at Turnstyle Designs constantly look to Interior Design trends to be inspired, the new Facetted Door levers in both a chunky barrel and a slimmer elegant version pull all the elements of the Modern Industrial trend and New York Loft Apartment which expertly combines rustic materials with classic luxury fittings.

The decagon design is a modern take on a classical design (think Roman Columns) in Turnstyles trademarked resin material "Amalfine™" makes these levers very tactile, combined with Turnstyles Industrial chic metal finishes the handle translates from contemporary to vintage seamlessly.

Delivering luxury door hardware for high-end residential, commercial and yacht projects for 30 years, Turnstyle Designs was founded by Steve Roberts in 1992. Steve and his wife Christina work collaboratively to design some of the worlds most innovative decorative hardware, using a broad palette of materials and finishes including, brass, leather and Amalfine™.

From hand stitched leather to individually hammered door hardware, attention to detail is found in every product made. Turnstyle is proudly British made and manufactured in the beautiful Devon countryside. With multiple product combinations and flexibility to allow customisation, there is something for everyone.
